

YOUNG'S FLOORING

Commercial Services

We know how important it is to meet the strict demands of facility owners for quality and service, so we recommend only the best manufacturers for the job while providing a wealth of product options.

We have assisted commercial clients of all types and sizes with projects such as:

- Schools and universities
- Hotels
- Retirement communities
- Healthcare facilities
- Insurance loss
- Tenant finish

Our clients can expect:

- **Specification Expertise**
Young's Flooring will provide all construction and performance specifications for product selection purposes. Our unique and exclusive product programs will provide the best product for every property, every time. It is our goal to extend the life and performance of the flooring products that are installed in your properties by selecting the performance characteristics that meet the needs of every property.
- **Product Integrity**
Young's Flooring guarantees that the goods we install are first-quality productions of the same products and styles originally specified for installation by your company.
- **Yardage Integrity**
Young's Flooring guarantees that each job will receive the minimum amount of product yardage to complete the installation in a satisfactory manner. We guarantee proper seam placement and will provide the minimum yardage required to complete the installation using the most effective measurement techniques and tools available to the industry today.

Give us the opportunity to show you just how exceptional our service is!
